FILE HEADING.

Estimates for works. Ichitaldrug Dt.

From The Chief Engineer of Mysore.

No. 3461 Dated 16th March 1918 Received 20.3.1918

Diary No. 2307. Enclos. 5 Spare Copies. Serial No. 15.

BRIEF ABSTRACT OF LETTER.

Submits 2 alternative estimates, received with Ichital Deputy Com'rs letter C no 1040 LA/17-18 dt 16-2-1918, amounting to Rs 3065 and 5670 for constructing a compound wall round the town hall at Ichitaldrug and recommends that the cheaper of the estimates may be sanctioned.

NOTES AND ORDERS.

This is one of the non-budgetted works submitted for sanction in Chitaldrug Deputy Com'rs letter C no 1072 LA/17-18 dt the 7th February 1918. As this work was reserved by the District Board for further consideration, all the other works were sanctioned

except this work vide Govt no. 4765-6 LB-5-17-1-2 dt the 23rd February 1918. The urgency for this work has not been explained. The Deputy Comr in his letter to the Chief Engineer says that a sum of Rs 2000/- for this work will be met by reappropriation in the current year's D-7 budget and the balance will be provided for in the ensuing year's budget

(2) Draft sanctioning is put up for approval or orders.

21.3.1918

(3) Urgency of this work has not been pointed out. There is no provision in the current year's budget. Nor is the source from which reappropriation is proposed to be made pointed out.

(4) The smaller estimate for Rs 3065 may be sanctioned, the District being asked to make provision for the work in next year's budget. Since the draft D-7 budgets have been received, due provision will be made therein.

SUBJECT.

Town Hall at Chitrald

Letter No.C.1040/L.W.17-18 dated the 16th February 1918, from the Deputy Commissioner, Chitaldrug District, to the Chief Engineer of Mysore, Bangalore.

I have the honor to state that the Town Hall at Chitaldrug was constructed in 1897, to commemorate the august name of His Highness the late Maharaja Sri Chamarajendra Wodiyar Bahadur G.C.S.I., and has always been in requisition for public purposes as it is the only suitable building in the town. A survey plan showing the situation of this Memorial Hall was forwarded to you with this office No.1040 dated 13th December 1917, in connection with the slight deviation of the Dharwar-Bangalore road for the formation of a square in front of the building where no less than 4 roads meet. As stated therein, the present alignment of the roads has no symmetry with reference to the Memorial Hall and the question of improving the locality by making the slight deviations and other needful alterations has been received from you with your kind sanction. The Town Hall has no compound wall and cattle of sorts stray into the premises rendering the place insanitary and causing occasional damage to the walls. To prevent this and also to add to the beauty of the building and to utilise the available open space in laying out flower beds etc., and make the place a pleasure garden for people to resort to in the evenings by planting suitable plants and trees a compound wall to the building is considered highly necessary. It is proposed to put up an ornamental compound wall with 2 suitable gate ways. The details about the gate posts and the design of the compound wall to be adopted, have been detailed in the drawing enclosed for your information. The gates are proposed to be of iron frame work and a suitable design for the gate posts and gates have been provided in the drawing for your kind scrutiny. There are two

designs for the compound wall the one shown in continuation o the gate posts being proposed to be of brick in mortar. The design being of a cheaper construction allows of the same hei provided all round the Town wall.

The alternative design is of coursed rubble masonry wi dressed stones as shown in the drawing; the rate being fairl high, this structure can be adopted only for the front portio and the rest of the compound wall is proposed to be out of or nary rough stone in mud and chuna pointed. Estimates got u for the separate designs are enclosed.

The District Board have resolved that the estimate ref red to be sent up for sanction (vide copy of the enclosed res lution). The Memorial Hall being under the management and c trol of the District Board, it is proposed to meet the cost o the work in question out of the District funds. There is no allotment for the purpose in the current year's budget and the amount likely to be worked out during 1917-18 say about Rs 2,0 will, however, be found by reappropriation and the balance pro vided for in the ensuing year's budget.

In these circumstances, I request that the enclosed estim may kindly be scrutinised and transmitted to Government for sa tion as per Government Order No.489-509/T.60-15-1 dated 19th July 1916.

"C o p y".

To

B. Ramaswamaiya Esquire B.A.,B.L.,
Secretary to the Government of
H. H. the Maharaja of Mysore,
Revenue Department, Bangalore

S I R,

With reference to your memo No. 5890/L.B.5-17 dated 18th April 1918 the construction of a compound wall to the Town Hall at Chitaldrug, I have the honor to state that the Chitaldrug Town Municipal Council at their meeting held on 31st May 1918 resolved that they are not in a position to ~~constitute~~ contribute any amount for the present towards the cost of the work in question. An extract from the proceedings of the meeting is enclosed

As the Town Hall has no compound wall, cattle of ~~all~~ sorts stray into the premises rendering the place insanitary and causing occasional damage to the walls. To prevent this and also to add to the beauty of the building and to utilise the available open space in laying out flower beds &c. and make the place a pleasure garden for people to resort to in the evenings by planting suitable plants and trees, a compound wall to the building is considered highly necessary. The estimates in question were therefore prepared and sent to the Chief Engineer for scrutiny and for obtaining the sanction of Government for the work being undertaken at the expense of the District Board as it has the management and control of the building. As the official year has already come to a close the work will have to be taken up for execution during the early part of the ensuing year i,e, 1918-19.

I request that the estimate may kindly be sanctioned.

I have the honor to be,

S i r,

Your most obedient servant,
